# How's Your Vision?

Experience the latest and most advanced vision care from Clemson Eye.

## Our Doctors

**Joseph Parisi, MD, FRCSC, FACS**, is chief ophthalmologist and medical director at Clemson Eye. He has performed over 20,000 cataract, laser and microsurgical procedures.

**Brian Johnson, MD**, specializes in cataract surgery, retinal disease, macular degeneration treatments, glaucoma laser surgery and comprehensive medical eye care.

**Donald Glaser, MD**, specializes in the treatment of cataracts, glaucoma, retina, strabismus and macular degeneration.

**Leroy Howard, MD, FACS**, has practiced ophthalmology in Greenville, SC, for over 35 years.

**A.J. Buddy Thompson, Jr., MD**, has practiced ophthalmology for over 30 years.

**Nancy Mahlie, OD**, works closely with our MDs and specializes in helping patients with challenging vision correction problems.

**Eric Brown, OD**, has participated in over 13,000 laser eye and refractive procedures and enjoys working with surgical and wellness patients.

## Laser Cataract Surgery

Technology lets us achieve things in cataract surgery we wouldn't have dreamed possible a few short years ago. Using an advanced laser, we can now remove the cataract AND correct your vision during the same revolutionary procedure. Laser cataract surgery results in a more precise incision, less eye stress and better outcomes.

Clemson Eye accepts most insurance plans, Medicare and Medicaid. Basic cataract surgery is covered by most plans, and you have the option of 24 month, 0% interest financing.

Clemson Eye patient  
and alumni of the  
Baltimore Orioles

## Laser Eye Surgery (LASIK)

Quick, safe and affordable, laser eye surgery restores vision in those who suffer from nearsightedness, farsightedness and astigmatism.

Spectrum Lasik, a Clemson Eye Company, is an established leader in laser eye surgery, having treated more than 13,000 Upstate patients. With 0% financing, laser eye surgery can cost as little as \$100/month for 24 months. You also have the option of using a tax-deferred Health Savings or Flexible Spending Account.

Complimentary LASIK consultations are available at all our locations to determine if you are a candidate for this life-changing procedure.
